FAQs

Q Who is eligible?

A All RE/MAX® Affiliates & Office Staff and their family members are eligible for this service.

Q How is Health Plus different than the federal and state health insurance marketplaces/exchanges?

A We have created a one-stop shop for you and your family members to receive professional assistance in shopping for, comparing, and enrolling in health insurance plans, both on and off the federal and state marketplaces. Our goal is to expand your options by giving you access to plans located on the government marketplaces as well as options off of those marketplaces.

Q Do I need to purchase a federal or state marketplace health insurance plan?

A No. We offer access to qualified insurance plans, both on and off the government marketplaces.

Q What if I have pre-existing conditions?

A Pre-existing conditions no longer limit your Major Medical Insurance. They're the same plans, at the same rates, as those without pre-existing conditions.

Q Can I apply for a subsidy or tax credit through Health Plus?

A Yes. If you qualify to purchase a health insurance plan from a federal or state marketplace, you can apply for a subsidy/tax credit through Health Plus.
