

Agents Can Power Their Rentals and **Generate New Revenue** with RentSpree

What is RentSpree?

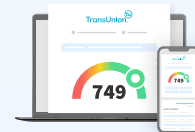

Founded in 2016, RentSpree is **an award-winning rental software** known in all 50 states for its easy-to-use tenant screening process, renter management, partnership program, and rental screening API. In just five years, RentSpree has grown its database by partnering with over 200 brokerages, REALTOR® Associations, and MLSs nationwide.

How Does RentSpree Help Agents and Brokerages?

RentSpree automates the entire tenant screening experience, saving users time and money. For our brokerage partners connecting with RentSpree means giving your agents access to a branded portal that facilitates rental transactions that are credited to your brokerage.

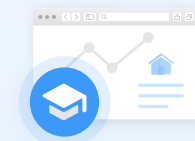

Benefits To Agents

Start Screening Quickly

Take just two minutes to sign up and start screening your first tenant. You can access tenant screening reports efficiently after an applicant submits, and the service is available 24/7.

Educational Resources

We conduct exclusive webinars, provide unique articles, create infographics and more to help provide you with on-going value as you continue to grow your real estate business.

Beyond Tenant Screening

Members can now streamline their rental process through our screening package and collection of agent tools; rental client manager, agent profile & listings page.
