

Updater

Give your clients a stress-free move.

Updater is a technology company that builds powerful tools to help people move. Offer all the move-in tools you'd ever dream of giving residents—*within one platform that's customized for your properties.*

Updater helps your clients organize and complete all of their moving-related tasks while also providing an **effective platform for you to differentiate yourself** to your clients, right when it matters most.

Updater enables your clients to:

Connect TV and internet

Reserve moving services

Browse exclusive deals and discounts

Book local delivery and onsite help

Set up or transfer utilities

Forward mail with USPS

Stand out from the competition:

While **74%** of home buyers and sellers wish their real estate professional offered moving assistance, only **16%** of professionals actually lend a hand.

74% vs **16%**
WANT HELP vs GET HELP
